

IN THE SPECIFICATION:

Please amend the paragraph which begins on page 1, line 4, of the specification as follows:

The present application is a continuation-in-part of U.S. Patent Application entitled, "Preprocessed Applications Suitable for Network Streaming Applications and Method for Producing Same," filed on December 28, 2000, and assigned ~~Application-Number~~ application no. 09/750,836, which has now issued as U.S. Patent no. 6,757,894, and which claims the benefit under 35 U.S.C. § 119 of U.S. provisional patent application no. 60/235,535, entitled, "Native Streaming Architecture", filed on Sep. 26, 2000.

Please amend the paragraph which begins on page 8, line 12, of the specification as follows:

Fig. 5 is a high-level flowchart of a method for determining a startup streamlet set and generating a streaming prediction model for use in streaming the application; and

Please amend the paragraph which begins on page 8, line 14, of the specification as follows:

Fig. 6 is a sample usage graph representation of one form of a prediction model[.]

Please insert the following paragraph immediately after the paragraph which begins on page 8, line 14 of the specification:

Fig. 7 illustrates a process that may be used by a streaming server to determine a set of code blocks needed to execute an application at the client computer.
